

Rejuvenizers are designed to help everyone— young and old alike. We all face similar challenges in today's high-tech world, in that we are all being bombarded constantly by disruptive electromagnetic fields and frequencies.

However, some people seem to be more sensitive than others. Some can feel the subtle protection that the Rejuvenizer offers, while others may not. Most people notice positive results over time, since the benefits are cumulative. Results may vary from person to person.

We want you to be happy with your Rejuvenizer purchase. You are in Phyllis' "Lifetime Club," and she continues to add new functions over time, at no extra charge, as technology advances. You are welcomed to share your experiences with us at any time!
